EDITORIAL INDEX

This guide is provided as a handy reference to the articles BOXBOARD CONTAINERS published in 1985.

CORRUGATING

Controls/Computers/Microprocessors

Computer-controlled corrugator proves worth with improved production and operating data	Stanley E. Boie	March	19
Central corrugator controls; computerization is standard		March	22
Web-guiding systems: Tools for better quality control		May	17
Interchangeable production monitor system		July	34
Energy management system reduces box-plant's costs		Sep.	34
Six-year-old sheet plant goes computer to stay competitive	Charles Huck	Sep.	45
CAD/CAM software for carton and box design runs on Apple Macintosh		Sep.	66
Steam condensate package cuts fuel costs and minimizes maintenance		Nov.	44

Corrugator

Continuous-run cool corrugator improves quality, cuts costs at Japanese plant		April	45
Major box-plant expansion centered around installation of new corrugator		May	30
Corrugator utilizes 1,150 fpm, computerized single facer		June	38

Printing

Cost versus value: An ink supplier's perspective		March	27
Modern technology sparks old corrugating plant		June	19

Diecutting (Slitting-Scoring)

French sheet plant provides corrugated partitions that protect world's most famous wines	Ralph Ironman	May	32
Rotary and platen diecutters: Applications and advantages		Oct.	36
Advanced laser system shortens die house's turnaround time		Oct.	36

Finishing

Quick changeover on flexo aids Swedish plant's modernization	Ralph Ironman	July	26
Machine inserts corrugated partitions in boxes at speeds to 20 cases per minute		Aug.	36
Jumbo flexo keys expansion of California box plant	Stanley E. Boie	Sep.	31
Prototype flexo unit operates successfully in Swiss box plant	Charles Huck	Sep.	43

Material Handling

Basic approaches to greater operating efficiency	Robert B. Footlik	Jan.	28
Equipment application: Prototype of palletizer operating in UK box plant		July	29
Developing an inventory control program can pay off for small and medium-size companies	Daniel Majestic	Oct.	32

Shipping

Managing delivery costs	David Burns	Jan.	32

Shipping

Managing delivery costs	David Burns	Jan.	32

EDITORIAL INDEX

Measuring driver performance most important component in controlling delivery costs	David Burns	Feb.	23

Testing

O-I equips its box plants with box-compression testers		Jan.	44
Bond testing machine improves production efficiency		April	49
Program at corrugated box plant helps protect employees' hearing		May	34
Utilizing liner/medium in corrugated board for best box performance	Gunilla Jonson	June	23
Compression strength of corrugated shipping containers held in frozen storage	B. R. Harte, M. L. Richmond, E. Omotosho, G. T. Tracy	Oct.	17
Estimating side-to-side compression of horizontal-flute containers	George Maltenfort	Nov.	24

Meetings/Contests

Record-setting Pack Expo 85 covered all packaging fields		Jan.	40
Latest in graphic arts equipment on display at Graph Expo East '84	William Turley	Jan.	46
Print 85 promises to be largest graphic arts show in 1985		March	31
Heated moments at the Midyear Meeting of TAPPI Corrugated Containers Div.	Stanley E. Boie	April	108
AICC meeting hears update on European boxmaking	Stanley E. Boie	May	29
Many new developments in graphic arts on display at Print 85		June	27
More than 100 attended FBA's 45th annual meeting		June	27
20 packages from corrugated industry win in 1985 FTA competition		June	31
More than 900 attend FTA's annual forum	William Turley	June	34
Corrugated seminar program covered wide range of topics		Aug.	23
A first for FEFCO meeting: Supplier exhibits	Charles Huck	Aug.	25
CMM5: Chicago is host to big converting machinery show		Sep.	53
Winners in AICC design competition		Nov.	34
Ruminations on the 1985 TAPPI Corrugated Containers Conference	Stanley E. Boie	Nov.	94

Economics

1986 paperboard container shipments to be up following flat 1985 sales	Leonard Smith	Dec.	19
Boxmakers present views on 1986		Dec.	27
1986 outlook for corrugated products	John Enders	Dec.	33

Marketing

New preprint plant reinforces French box firm's marketing goals	Ralph Ironman	Jan.	25
Grid analysis concept for more efficient supervision	John C. Gockley	Jan.	50
Motivating sales people: How important is money?	John C. Gockley	July	25
The entrepreneurship of selling	John C. Gockley	July	28
Preprint: An enormous potential for change	Roy LaFontaine	Sep.	19
The corrugated market for 1986		Dec.	34

General

Rule 41/Item 222: A hot subject gets hotter		Jan.	19
Gear up now to meet the challenges of the future	Charles Huck	Jan.	14
Quality and communication go hand in hand in a box shop	Charles Huck	July	12

EDITORIAL INDEX

Mid-year Report		July	17
Special digest of product and service information for box and carton manufacturers		Feb. Aug.	39 29
Packaging company celebrates 130 years in business by planning for the future	William Turley	Oct.	24

FOLDING CARTONS

Adhesives/Coatings

Effective use of aqueous coatings with carton adhesives	John Mason	Nov.	17

Controls/Computers/Microprocessors

Web-guiding systems: Tools for better quality control		May	17
Interchangeable production monitor system		July	34
Folding carton company installs sophisticated cost-estimating system		Sep.	50
CAD/CAM software for carton and box design runs on Apple Macintosh		Sep.	66

Printing

The challenge of web-fed flexo printing for folding cartons	Robert L. Freiermuth	Sep.	38

Diecutting

Mounting and diecutting shop specializes in chipboard displays	Charles Huck	Feb.	27
Creasing matrix development eliminates board-dust buildup		May	39
Rotary and platen diecutters: Applications and advantages		Aug.	17
Advanced laser system shortens die house's turnaround time		Oct.	36

Material Handling

Developing an inventory control program can pay off for small and medium-size companies	Daniel Majestic	Oct.	32

Shipping

Managing delivery costs	David Burns	Jan.	32
Measuring driver performance most important component in controlling delivery costs	David Burns	Feb.	23

Maintenance

Survey shows firms don't know cost of unscheduled downtime	Stanley E. Boie	July	78

Meetings/Contests

Record-setting Pack Expo 85 covered all packaging fields		Jan.	40
Latest in graphic arts equipment on display at Graph Expo East '84	William Turley	Jan.	46
Print 85 promises to be largest graphic arts show in 1985		Jan.	46
Diskette package wins President's Award at PPC's folding carton competition		April	35
138 entries win in NP&PA's 1985 packaging competition		May	22
Five cartons, rigid box win GTA Awards		June	26
Many new developments in graphic arts on display at Print 85		June	27
PPC meeting: Economy expected to peak in third quarter	Charles Huck	June	29
More than 900 attend FTA's annual meeting	William Turley	June	34
Employee incentives discussed at NP&PA convention	Charles Huck	July	30
Seven students win honors in NP&PA's competition for rigid boxes and folding cartons		Aug.	26

EDITORIAL INDEX

If you're in folding cartons, this seminar is for you	Charles Huck	Sep.	14
CMM5: Chicago is host to big converting machinery show		Sep.	53

Economics

Proper financial strategy can mean life or death for your carton company	Charles Huck	March	14
1986 paperboard container shipments to be up following flat 1985 sales	Leonard Smith	Dec.	19
Boxmakers present views on 1986		Dec.	27

Marketing

Grid analysis concept for more efficient supervision	John C. Gockley	Jan.	30
Motivating sales people: How important is money?	John C. Gockley	Feb.	25

General

Gear up now to meet the challenges of the future	Charles Huck	Jan.	14
Everything you always wanted to know about the folding carton industry	Charles Huck	Feb.	14
What the end user demands from the carton manufacturer	William Oates	Feb.	17
Carton company's exhibit celebrates golden age of the cigar and the cigar box		Feb.	28
Milk cartons are providing an important public service	Charles Huck	April	14
Special Report: Sheetfed Production in the Folding Carton Industry	Frederick Sussenberger	April	19
Quality and communication go hand in hand in box shop	Charles Huck	July	12
Norm, you've done a great job!	Charles Huck	July	12
Folding carton: Overview and outlook	James Corrigan, Jr.	July	23
Isolating hidden costs, innovating to improve profit	Charles Huck	Aug.	12
Special digest of product and service information for box and carton manufacturers		Feb. Aug.	39 29
Packaging company celebrates 130 years in business by planning for the future	William Turley	Oct.	24
Responses to sheetfed survey		Oct.	30
Full-service company is single resource for carton, rigid box users		Oct.	30
Carton plant moves to new site for increased capacity, future expansion	William Turley	Nov.	29
Integrated carton plant using ovenable board to serve new markets	William Turley	Dec.	37

RIGID BOX

Record-setting Pack Expo 85 covered all packaging fields		Jan.	40
NP&PA's first rigid box workshop sets pattern for future sessions	Charles Huck	April	48
138 entries win in NP&PA's 1985 packaging competition		May	22
Five cartons, rigid box win GTA awards		June	22
Norm, you've done a great job!	Charles Huck	July	12
Mid-year Report		July	17-22
Employee incentive discussed at NP&PA convention	Charles Huck	July	30
Seven students win honors in NP&PA's competition for rigid boxes and folding cartons		Aug.	26

EDITORIAL INDEX

Special digest of product and service information for box and carton manufacturers		Feb. Aug.	39 29
1986 paperboard container shipments to be up following flat 1985 sales	Leonard Smith	Dec.	19
Boxmakers present views on 1986		Dec.	27

MANAGEMENT/EMPLOYEE

Cooperative program pays off for distressed plant	Stanley E. Boie	May	86
Have everyone prepared and trained for the time when change comes	Stanley E. Boie	June	68
Management needs 'thought revolution' to effectively compete internationally	Charles Huck	Oct.	12
Old plants, new plants, location—these have little to do with success	Charles Huck	Nov.	12
Management techniques: Three rules for negotiating a union contract	Matthew Goodfellow	Nov.	38
Self-esteem critical for salespeople	John Gockley	Dec.	40
Acquisition: The impact of an unrealistic selling price	George M. Spilka	Dec.	40
Never forget that it's people, finally, who make the product work	Stanley E. Boie	Dec.	120

ECONOMICS

Steady, moderate pace seen for 1985 economy	John W. Enders	Feb.	30
U.S. trade deficit and the dollar	John W. Enders	April	47
Economic news bodes well for dollar, interest rates	John W. Enders	May	38
Slow growth is here for a while	John W. Enders	June	36
Is a recession coming this year?	John W. Enders	July	25
The recovery continues	John W. Enders	Aug.	28
Outlook for continued growth	John W. Enders	Sep.	61
Recession jitters again	John W. Enders	Oct.	29
Will there be a recession in 1986?	John W. Enders	Nov.	42
Consumer key to 1986 outlook	John W. Enders	Dec.	36

GENERAL INTEREST

Interest-free loans: Has the legal yo-yo finally stopped?	Frank Butrick	Jan.	42
The new year is always a time of facing unknowns	Stanley E. Boie	Jan.	180
The survival syndrome: How to avoid self-destruction	Charles Poirier	Feb.	20
